# FRESCO FRIZZANTE 2020

---

**A refreshing, fruity sparkling wine made from typical Wachau grape varieties.  
Ideal as an aperitif and for parties.**

## ORIGIN & TERROIR

Carefully selected grapes from vineyards throughout the Wachau valley are vinified to Fresco Frizzante. The grapes are hand-picked from both steep terraced vineyards and vineyards on the banks of the Danube. The wine reflects the unique climate and the poor primary rock soils of the Wachau.

## VINTAGE 2020

Wines of the 2020 vintage show clear and precise character with a fresh, fruity note, although the harvest yielded only marginal quantities. What began as a dry, warm year turned into a summer that alternated between sunny and rainy periods, and in late August the Wachau suffered a severe hailstorm. It is especially vintages like 2020 that underscore how important it is to pick and carefully select grapes by hand.

## VINEYARD & CELLAR

After gentle pressing and temperature-controlled fermentation the cuvée was created. CO2 was added to achieve a lively and fresh sparkling wine with a pleasant 'mousse'. A perfectly balanced style. Work in the vineyard takes place based on sustainable and, increasingly, organic principles, without the use of insecticides or herbicides, and grapes are hand-picked.

## CHARACTER & STYLE

Subtle and compact mousseux; On the palate, the Fresco Frizzante presents itself with a slim but elegant body, the acidity and the CO2 make the sparkling wine extremely lively; the well-integrated dosage complements it in a charming way. Delicate aromas of red apple, elderflower, and stone fruit on the palate. The tangy acidity and fizziness bring vibrancy and complexity to the wine. Serve well chilled - directly from the fridge. Fresco Frizzante is a perfect aperitif and party wine, the ideal accompaniment for light starters such as Serrano ham with melon or a beef carpaccio. It is the ideal summer wine, a beach refreshment par excellence, the thirst quencher in the pool, either pure or refined with a dash of Wachau apricot nectar.
