DOMÄNE WACHAU WEISSER SPRITZER

The unbeatable thirst quencher for hot summer days. Refreshing, easy drinking, and already perfectly mixed. Take a big swig!

SPRITZER

It's always time for a 'white spritzer.' Ice cold and delightfully direct, with a 1:1 ratio of crisp white wine and soda water. For decades, the spritzer is the thirsty Austrians' drink of choice. Yet this is far more than just a thirst-quencher: fresh, fruity, and easy drinking, it wakes up tired souls, washes away stress, gets the blood pumping and, especially in summer, sets the mood for whatever your day - or night - might hold.

PREPARATION

Prepared with half Grüner Veltliner in the trusted Domäne Wachau quality, half with soda water. We bottle this cult Austrian classic in 0.33-l-bottles. The Spritzer is typically enjoyed out of a traditional 'Henkel' glass. If none are available, then go straight from the bottle – frosty cold and in big gulps.

CHARACTER & STYLE

Lively, refreshing, and feather-light, with fresh & fruity aromas of green apple and fine citrus. The white Spritzer is the perfect answer to roasted chicken, Wiener Schnitzel, or any charcuterie board. It also makes for a fine aperitif, and is the highlight of any picnic or beach basket. One of life's simple pleasures and uncomplicated joys!

A PERFECT MIX OF CRISP WHITE WINE WITH SODA WATER: A SPARKLING TINGLER TO GUZZLE OR SIP.

Alcohol: 5.5%

Volume: 330 ml
